A GIGANTIC STRIKE

All the Allied Trades Unions
With the Exception of
Two Quit Work.

THE TEAMSTERS AND ENGINEERS.

What Promises to Be One of the Bit-
terest Fights Between Capital and
Labor is Now On.

Efforts of Teamsters' Union to Settle
the Trouble Failed and They and
the Stationary Engineers Will
Join the Strikers.

Chicago, July 26.—With all peace negotiations broken off and with all the allied trades unions employed at the different plants, with the exception of the teamsters and the stationary engineers, out on strike in sympathy with the butcher workmen who quit work two weeks ago, the stock yards strike Monday night had settled down to what promises to be one of the bitterest fights between capital and labor in the history of America. As has been threatened for some time, the allied trades employed in the packing industry quit work when called on Monday to assist the striking butchers in their efforts to bring the packers to terms. In several instances the men did not wait for the official notification from their leaders to go on strike, but threw down their tools and quit work of their own accord.

At 6 o'clock Monday night the statement was made by Michael J. Donnelly, president of the Butchers' union, that every union man employed at the stock yards with the exception of the teamsters and engineers, had responded to orders for a general sympathetic strike. The engineers, he declared, would join the strikers Tuesday morning, and unless there was speedy settlement of the difficulty, he said the teamsters would undoubtedly join their brother workmen in their struggle for supremacy. According to Mr. Donnelly, Monday's strike swelled the number of men who have quit work at the stock yards in Chicago alone to nearly 30,000 persons. Both sides to the controversy declared Monday night that they were perfectly satisfied with the present state of affairs and that they were willing to make it a fight to a finish to determine who shall dictate the terms of a settlement.

A new phase of the strike situation developed late Monday afternoon when notice was given by the unions to the independent packers at the stock yards that their men would not be allowed to handle animals which had been brought into the yards or handled in any way by non-union men. It is necessary for these independent concerns to take all of their live stock into their yards over Union stock yards runways, where the stock must be handled by non-union men, since the union men employed by the stock yards company in this line of work were among the employees who joined the sympathetic strike Monday. The ultimatum of the unions leaves the independent packers no alternative but to receive their live stock directly from the country or else close down business entirely. A meeting of the independent packers was held Monday night to map out some plan of action, but no definite conclusion was reported. Another meeting will be held Tuesday to further consider the matter.

Before peace negotiations had been entirely broken off Monday, representatives of the teamsters' union, as had been agreed on Sunday night, were in conference with the packers in an effort to arrange some sort of a settlement which would prevent a spread of the strike. At this meeting the packers were asked to concede that the first peace agreement, signed last Wednesday, and which was later repudiated by the strikers when a second strike was called, be considered null and void and that the packers submit a new proposition for peace terms. The committee also notified the packers that the striking butchers would stand by last Saturday's demand, which was that all men be reinstated within ten days or their cases be submitted to immediate arbitration; all butchers and casing men to be taken back within 18 hours after work was resumed. No progress toward a settlement was made at the conference and the teamsters committee retired to consider a new proposition.

Immediately upon the return of the teamsters committee to union headquarters they entered into a conference with the representatives of the allied trades to consider a proposition submitted to the unions by the representatives of the packers. In the meeting between the teamsters and the packers, the latter offered to

change the time of reinstating all the strikers from 45 to 35 days. They made no concessions other than this and this proposal was submitted to the allied trades committee. President Donnelly, of the Butchers' union, however, refused to consider the proposal and all hope of an immediate settlement was lost.

MILL OPERATIVES STRIKE.

About Twenty-Six Thousand Went Out
at Fall River, Mass.

Fall River, Mass., July 26.—The first day of the strike of 26,000 cotton mill operatives here passed quietly and so, in all probability, will pass the succeeding days for the reason that the opposition to the strike on the part of the operatives is so slight as to be hardly a feature.

The mill owners and their operatives are determined in their positions and the outcome is hard to predict. With the strikers it is a question of how long they can do without their wages and exist on strike benefits. On the part of the owners it is a matter of how long they can afford to have their mills closed down. At present the cotton and cloth markets are not at their best.

A portion of one mill was operated until noon Monday and at another mill some 20 men worked all day. When the mill gates in Fall River were opened Monday morning less than 300, conservatively estimated, out of an army of some 26,000 operatives, reported for work.

WAR NEWS IS SCANT.

The Reports Indicate That the Rus-
sians Suffered a Serious Check.

London, July 26.—War news in the newspapers Tuesday morning is most scant, but all reports indicate that the Russians have suffered a serious check in the vicinity of Tatchekiao. The Daily Telegraph's Liao Yang correspondent, telegraphing Sunday, reports that Tatchekiao was definitely evacuated after a severe engagement which was intended to retard a Japanese flank movement on Liao Yang, but the dispatch does not give the place of the battle or the date.

LINCOLN REPUBLICAN PARTY.

B. T. Washington Will Be Asked to
Become Its Presidential Candidate.

St. Louis, July 26.—A committee appointed Monday by the national convention of the Lincoln republican party to interrogate Booker T. Washington, J. Milton Turner and Bishop H. M. Turner to ascertain which one of them would consent to become a candidate for president of the United States on the Lincoln republican ticket. A national committee was also appointed with E. P. Penn, of Richmond, Va., as chairman.

BATTLESHIP OHIO.

The Vessel Given a Successful Pre-
liminary Speed Trial.

San Francisco, July 26.—The battleship Ohio, which was built by the Union Iron works of this city, was given a preliminary speed trial Monday in the bay. It is said that her performance exceeded the most sanguine expectations of her builders. She will leave this port for Santa Barbara on Thursday, where she will be tried out over an official course.

SENT TO CHICAGO.

Fifty Men Left Cincinnati to Take the
Places of Strikers.

Cincinnati, July 26.—The employment agencies here Monday sent 50 men to Chicago and have two car loads engaged for Tuesday. These men are engaged on orders from the Chicago packing houses at \$5 per day for meat cutters and \$2.50 for laborers. The men are to be lodged and boarded by the employers. Transportation is furnished.

Russians Utterly Routed.

Paris, July 26.—A dispatch to the Matin from New Chwaig says that heavy firing continued all day long on July 24. The battle lasted for 16 hours. The Russians were driven back on the east side and were reported to be utterly routed.

Rr. Adm. Sigsbee's Squadron.

San Juan, P. R., July 26.—Rr. Adm. Sigsbee's squadron, the flagship Newark and the gunboats Topeka and Scorpion arrived from Santo Domingo, where they had escorted Minister Dawson after a tour of the principal coast cities of the republic.

Adm. Cooper Arrives in Frisco.

San Francisco, July 26.—Among the passengers on the steamer China, which arrived from the Orient Monday, was Adm. Cooper, who has been relieved from his command on the Asiatic station and came home on sick leave.

FATAL COLLISION.

Big Four Passenger Train Struck
an Electric Car in In-
dianapolis, Ind.

LATTER HURLED TWENTY FEET.

Two Persons Were Killed Outright
and About a Dozen Injured, Some
of Whom May Die.

Some Witnesses Claim the Air Brakes
Failed to Work and Others Blame
the Accident on the Traction
Car Conductor.

Indianapolis, Ind., July 26.—Two persons were killed and several injured in a collision between southbound Big Four passenger train No. 18 and a westbound Prospect-Blake electric car at Washington and Missouri streets at 6:05 o'clock Monday night. The dead: Samuel Romans, about 50 years old, white, crushed beyond recognition; Mrs. William J. Harris, colored, 40 years old, badly mangled about head and body.

The injured: Mrs. Logan, suffered from shock; Kate Ward, colored, cut about head and face; W. R. Shannon, bruised and injured about head; Mamie Otwell, 26 years old, cut over eye and bruised seriously; Helen Mendenhall, aged 3, badly bruised; George H. Atkins, cut about head; Walter Smith, colored, 25 years old, severe scalp wound; Benjamin P. Jones, ribs and collar bone broken, internal injuries, which are believed to be fatal; Addie Burris, bruised about body and injured internally; George Whitlock, colored, severe cut on head; Mrs. Alice Perry, badly bruised, injured internally and partially paralyzed.

The locomotive struck the front of the electric car, throwing it a distance of 20 feet to one side, its direction being almost reversed. The train was stopped within a few yards of Washington street, and the crew assisted in clearing the wreckage and caring for the injured.

An emergency call was sounded and the arrival of patrol wagons and ambulances, coupled with the fact that the street was at that hour being traversed by hundreds of people who were on their way home from work, caused a panic, which made it almost impossible to learn the number of dead or ascertain the extent of the injuries to many of the passengers who were rushing about seeking relatives or friends among the fellow passengers.

The cause of the accident is not clear. Conflicting stories are told by passengers and witnesses, several of whom say that the motorman applied the air brakes which failed to respond. Others claim that the conductor of the electric car failed to proceed ahead of the car for the purpose of seeing that the track was clear.

Within a few minutes after the injured had been hurried to the hospital and the dead transferred to the morgue, officials reported that four were killed.

Reduction in Wages.

Williamstown, Mass., July 26.—A reduction in wages of 12½ per cent. went into effect Monday morning in the cotton mills of the Williamstown Manufacturing Co., at Williamstown, and the North Pownal Manufacturing Co., at North Pownal, Vt.

Will Use Electricity.

Port Huron, Mich., July 26.—It was announced Monday that the St. Clair Tunnel Co. had decided to abolish steam power and adopt electricity for moving trains through the Grand Trunk tunnel under the St. Clair river.

Tin Plate Scale Settled.

Newcastle, Pa., July 26.—There is rejoicing over the settlement of the tin plate scale and the great Shenango tin plate mill started up full turn Tuesday morning at 8 o'clock, orders to that effect having been issued Monday.

Heir to the Throne Expected.

St. Petersburg, July 26.—The eyes of all Russia are now turned towards the Alexandra villa at Peterhof, where the court and royal family are assembled in anticipation of the pleasure of greeting an heir to the throne.

On the Verge of a Meat Famine.

Racine, Wis., July 26.—Racine is on the verge of a meat famine. There is only about enough meat in the city to last 24 hours, and as all the dressed meat comes here from Chicago the prospect is rather gloomy.

To Take Strikers' Places.

Milwaukee, Wis., July 26.—Walter Frank, agent for Nelson Morris & Co., Chicago, Monday sent ten skilled butchers and 40 laborers to Chicago to take the places of striking workmen.

CREATED A PANIC.

He Frightened Guests With a Pistol
and Is Almost Mobbed.

Still Springs, Ky., July 26.—W. Godfrey Hunter, Jr., a son of Dr. W. Godfrey Hunter, congressman from the Eleventh district of Kentucky, and who killed William Fitzgerald, of Grand Rapids, Mich., at Guatemala City, in November, 1902, while his father, Dr. Hunter, was the American minister to Guatemala had a narrow escape from mob violence at the Thomas hotel here Monday.

Young Hunter, who had accompanied his mother to the springs, threw 180 women and children in a panic when he staggered into the parlor and took possession, threatening to shoot all who refused to vacate.

After amusing himself playing the piano, Hunter began to grab at the young women and girls, chasing them from the porches.

Irate husbands and fathers followed closely at his heels and were about to wreak summary vengeance when Judge Frank Peak interfered and had Hunter sent to his room a prisoner. The hotel manager informed Mrs. Hunter that her son would have to leave the place on the first train.

Hunter, who was kept under guard made several efforts to escape and begged his mother for his revolver, saying that he wanted to kill some one. When the train came Hunter did not want to go, but was finally persuaded to peacefully depart with his mother and a deputy sheriff.

FOR KENTUCKY HEROES.

Kentucky State Officials Invited to a
Monument Unveiling.

Frankfort, Ky., July 26.—The mayor of Monroe, Mich., has invited the Kentucky state officials to be guests of that city on September 1, to witness the unveiling of the monument erected by the state of Michigan to the Kentucky soldiers who fell in the battle of the River Raisin in 1813. Gov. Beckham may be unable to go, but it is assured that some of the state officials will show their patriotic spirit by accepting the invitation and express Kentucky's appreciation of the magnanimous act of Michigan in expending \$5,000 to commemorate Kentucky's heroes.

ALICE REDMAN'S PURPOSE.

It Is To Fix His "Mug" So Other Wom-
en Would Avoid Him.

Louisville, Ky., July 26.—In a jealous rage Alice Redman, of 729 West Green street, poured the contents of a bottle of carbolic acid over the face of F. A. Kussman, a hack driver with whom she had been living, while he lay in bed asleep. In court the woman said: "I wanted to fix his 'mug' so no other woman would have anything to do with him, and I guess I succeeded. I hope I did, anyway." She was fined \$19 and placed under \$300 bond for 90 days.

But One Left Out of 16.

Mt. Sterling, Ky., July 26.—The remains of Samuel Cravens, who died suddenly at the home of his son, in Bourbon, were brought to this county and buried in the Cravens graveyard. He was the father of Hon. J. W. Cravens, representative of Menefee and this county, and leaves but one of a family of 16 children to survive him.

Killed By the Keeper.

Louisville, Ky., July 26.—Joseph Reff, an inmate of the county poorhouse at Jeffersonton, was shot and killed by Sam Coffey, a former inmate, employed as an assistant keeper. Reff had a grudge against Coffey, and made two attempts to kill him before he was shot.

Cremated Steinert's Remains.

Newport, Ky., July 26.—The remains of Prof. Henry Steinert were cremated at the Cincinnati crematory. The deceased was a German scholar who taught that language at St. John's church for the past 30 years. Many of Newport's prominent citizens are among his pupils.

Alleged Murderers Escape.

Mayking, Ky., July 26.—Joseph Cox, Fred Sweeney, colored, and James Veary escaped from the Big Stone Gap (Va.) jail by sawing their way through the iron door. They are accused of murdering an old man in the Jones Creek mines two months ago.

Louisville Waives Its Claim.

Louisville, Ky., July 26.—Louisville has waived claims in favor of Cincinnati for next year's convention of the National Association of Railway Mail Clerks and the United States Railway Mail Service Mutual Benefit association.

Asleep On the Track.

Ashland, Ky., July 26.—Bert Rodgers, a young surveyor of this city, was struck by a Camden Interstate street car at Clyffside park and instantly killed. He was asleep on the track.

SEIZURE OF SHIPS.

Belief is Strengthening That Rus-
sia Seeks to Affront America,
England and Germany.

ARE AFTER AMERICAN VESSELS.

She Hopes by This to Find an Avenue
to Gracefully Retire From a
Disastrous War.

The Wisdom of Destroying Neutral
Prizes Without Trial Unless the
Object is To Involve Other
Powers is Questioned.

Tokio, July 26.—The acts of the Vladivostok squadron, in the Pacific, and of the volunteer fleet in the Red sea strengthen the belief here that Russia is deliberately seeking to affront America, England and Germany in the hope of finding an avenue for gracefully retiring from a disastrous war. There is no argument over the right of Russia to seize neutral vessels carrying actual contraband of war, but the wisdom of destroying neutral prizes without trial unless the object is to involve other powers, is generally questioned. It is believed that America will speedily demand a limitation to articles reasonably contraband in order to protect her large Oriental commercial interests. It is expected that Great Britain will protest against the sinking of the Knight Commander and demand trial for seized British steamers and that Germany will make a second and more vigorous protest.

The Vladivostok warships are hovering about the course of the steamers from San Francisco, probably with the hope of overhearing the liner Korea. Warning, however, has been given to the Korea and she has a chance of eluding the Russians. There will probably be other seizures and whatever be the determination of the legal questions involved, whatever diplomatic action may be taken, it is confidently believed here that the seizures will create a feeling of intense irritation and unfriendliness against Russia in America, England and Germany.

Japan is anxious to localize the combat and avoid involving other powers, but views with unfriendliness the acts of aggression against friendly neutrals and treaty violations disadvantageous to herself. In the latter connection Japan regards the affair of the passage of the volunteer fleet through the Dardanelles as of more importance than the acts of the vessels subsequent to such passage.

STEAMER ARDOVA RELEASED.

This Avoids a Serious Complication
With the United States.

Suez, July 26.—The British steamer Ardova, which was seized by the Russian volunteer fleet steamer Smolensk, has been released, and her prize crew has been landed.

Washington, July 26.—A fact developed Monday afternoon which might have led to serious complication had it not been announced earlier in the day that the Russian government had given orders for the release at Suez of the British ship Ardova, which had on board a large quantity of supplies being shipped by the war department to the Philippine government, including about 50 tons of powder and much other material that would fall within the Russian definition of contraband. The stores were being shipped through the house of George W. Peabody, of New York and the Orient. In view of the release of the Ardova it is improbable that any action will be taken by the war department.

THE STEAMER KOREA.

Has On Board Large Quantities of Ma-
chinery, Steel and Foodstuffs.

San Francisco, July 26.—The Pacific Mail Steamship Co.'s steamer Korea is now within one or two days sail of the Japanese coast. The steamer sailed from here on July 12. She left Honolulu before the receipt of the news that the Vladivostok fleet was in the Pacific. The Korea has on board large quantities of machinery, steel, and foodstuffs for Japan. She carries nearly \$1,000,000 in treasure, \$745,000 being consigned to Hiogo, the remainder being destined for Shanghai and Hong-Kong. There is also a quantity of arms and ammunition for Manila on board the vessel.

John E. Madden's Stunt.

Lexington, Ky., July 26.—Important business called John E. Madden to New York. In order to make his eastern connection at Cincinnati he chartered a special train to the Queen City over the Southern railway.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & MCCARTHY,** Proprietors. TUESDAY, JULY 26, 1904 DEMOCRATIC TICKET. For President, ALTON BROOKS PARKER of New York. For Vice President, HENRY G. DAVIS of West Virginia. For Congress, JAMES N. KEROZ of Mason County. **THE WEATHER RECORD.** For the 24 hours ending at 6:30 a. m. 1 State of weather.....Clear Highest temperature.....87 Lowest temperature.....51 Mean temperature.....70.5 Wind direction.....Northerly Precipitation (inches) rain or snow......00 Previously reported for July.....3.07 Total for July to date.....3.07 July 26, 9 a. m.—Occasional showers to night and Wednesday. Cooler Wednesday. THE Cynthiana Democrat reminds am- bitious Republicans of this district that while Jim Kehoe may wear gloves in "hoeing weeds," he does not wear gloves in handling a Republican opponent. There's not much left of a Republican after Jim gets through with him. SECRETARY SHAW fired the "opening gun" of the campaign at College Point, N. Y., last Saturday. He had been promised an audience of 10,000, but 1, 000 was the size of the crowd. The lack of Republican enthusiasm in the East is calculated to give Roosevelt and Fair- banks a chill. PRESIDENT ROOSEVELT'S troubles multi- ply. Twenty-five thousand textile work- ers of the Fall River district in Massa- chusetts are on a strike against a reduc- tion of wages. These strikes seem to be increasing as the election draws near, and Teddy has enough to keep him busy with- out the strikes to worry him. It is estimated there are 10,000,000 bushels of coal in the harbor at Cincin- nati. This is more than has ever before been held in that harbor, but the papers announce that there will be no reduction in price. Of course not. The people can't get along very well without coal, and the shippers and dealers have them at their mercy, and will make them pay just what they please. And the Republi- can courts and district attorneys sit very still and do nothing that will dis- turb the trust. Up to the formation of this combine coal sold at about 8 cents in the summer season, but 11 and 12 is the price that is demanded now. "It's an outrage," remarked a Maysville dealer a few days ago, "that the people are held up in this way." The dealers of course are in the grip of the coal companies who dictate the price and are the respon- sible parties. NONREFILLABLE BOTTLE. Maysville Man Interested in a Patent Just Issued For a New Device. [Enquirer] Joseph A. Turner, Assistant Clerk of the Board of Public Service, received no- tice from the Interior Department Friday afternoon that he had been allowed a patent on a device to prevent refilling bottles. The case has been before the department for more than a year, the is- suance of the patent papers being op- posed by an Englishman who had a de- vice somewhat similar. The patent was worked out by Mr. Turner and Will Myers of Maysville, Ky. The device is simple, consisting of a valve or cork at the bottom of the neck of the bottle, which allows liquids to come out, but will not allow any to go in. The great trouble with "nonrefillable" bottles—that the valve can be opened by suction—is overcome by a rubber washer which closes the valve if an attempt is made to create a vacuum in the bottle. Glass partitions in the neck of the bot- tle prevent introducing any instrument to destroy the rubber valve. The device can be put in bottles at a cost of only one and one-half cents. Hon. W. J. Bryan to Speak at Park's Hill Aug. 6th. Hon. W. J. Bryan, the great political leader, and one of the greatest, if not the greatest orator of the day, will be at Park's Hill assembly, Nicholas County, Saturday, Aug. 6th, 10:30 o'clock a. m., and deliver one of his best lectures on a subject that will interest and entertain all who hear him. No man in the United States occupies a higher place in the estimation of the public than does Mr. Bryan, and what he has to say is always worthy to be heard. This is an opportunity to hear him that should not be neglected. HERE AND THERE. Items of Interest From Nearby Towns and Villages Contributed by the Bul- letin's Corps of Corre- spondents. Mt. Olivet, July 25.—Hamer Ogden of Hatties- burg, Miss., is at home for a month's stay with his parents, M. M. Ogden and wife, near town. He is bookkeeper for a large lumber firm in the southern pine region, and this is his first visit home in three years. Mrs. Greeley Claypool heard a commotion in her chicken-coop the other evening just at sun- down. She put her hand into the coop and clasped a large blacksnake. Her cries brought her husband, who killed the reptile, which measured nearly six feet in length. John Sims and Miss Lina Neal will have charge of the Mt. Olivet public school, and it is under- stood Ben Kildwell and Miss Sue Wright at Sar- dis. Miss Bessie Meadows of Argus is the guest of her sister, Mrs. W. C. Myers. J. W. Holmes, the druggist, was refused li- cense to dispense liquors by the County Court last week. This county, by a very decisive vote, decided not to have whisky sold even by drug- stores. Mr. Holmes, through his attorney, Judge J. J. Osborne, will carry the matter to the higher courts. Grover Rankins stood the examination Friday and Saturday to obtain the appointment to the State College. James Rankins, the popular busman, met with a serious accident Sunday. A horse fell with him, breaking his arm. Mark Bradley, a wealthy farmer who lives on the Licking river in the southern part of this county, is announced as a candidate for Repre- sentative from Nicholas and Robertson counties. It is understood that Col. W. J. Osborne will be his competitor. Miss Chloe Ridgely is visiting her cousin, Mrs. J. L. Shuff, of Walnut Hills, Cincinnati. The Christian Church Sunday school of Mt. Olivet picniced at Kenton Park Thursday, spread- ing an elegant luncheon on the ground. The M. E. Church Sunday school of Sardis had an outing at Peal's pond near Mayslick Saturday. Mrs. Jessie Monroe of Cynthiana is spending the week with her father, Judge N. A. Tilton. John Owens is erecting an elegant dwelling near Abigail. German town mechanics are doing the work. Four weeks ago Esquire Malcom Wood left here for a visit to his daughter, Mrs. F. W. Riddle at Huntington. He was just convalescing from a serious illness. A runaway horse attached to a vehicle ran into him and his hip was broken. Word now comes that the injured member is not uniting satisfactorily, and it is highly improb- able that he may ever get back home. The familiar bell calling worshippers to pleas- ant Penn Grove camp meeting is again heard. The attendance Sunday was altogether disap- pointing, considering the delightful weather. Dr. Evans of Maysville preached some excellent sermons, in fact, none yet heard on the grounds surpass them in sublimity of thought and ele- gance of diction. Next Sunday a record-break- ing audience is expected to hear Elder R. E. Moss of Maysville. His appearance last season was received with great pleasure and occasioned so many favorable comments that he will be greet- ed with all his old hearers and hosts of new ones

LABOR DAY.

Suggestion That Maysville Celebrate the Holiday in a Fitting Manner.

Many cities are already arranging to observe Labor Day (the first Monday in September) in an appropriate manner, and the suggestion is made that Maysville fall in line with a fitting celebration of the holiday.

The union and non-union workmen of the city could unite in the observance, and plan for a big parade, followed by a picnic and speaking at Dieterich's Park.

Maysville has never had any formal observance of the day. It is a big event in many cities and could be made an enjoyable holiday here as elsewhere.

STEAM ROLLER ARRIVES.

City's New Street Making Machinery Here and Will be Given a Trial During Next Ten Days.

The new Kelley 30,000-pound steam road roller, street harrow and roofer plow ordered by the City Council some days ago, arrived over the C. and O. last night. The expert who is to operate it during the ten-days trial and who is to give instructions on the proper handling of the roller is expected today and the citizens of Maysville will be given an opportunity to judge of the merits of this modern road making machinery.

The first test will probably be made on Market street between Second and Front. The square will be reconstructed.

Three car loads of crushed rock to be used in the trial of the machinery also arrived and are in the C. and O. yards.

Mr. R. C. Tucker and Miss Etta B. Walker of Washington were married by Rev. R. E. Moss at 5:30 o'clock this morning, and left on the 6:30 train for Cincinnati.

Mr. Thomas Y. Nesbitt and James Childs were ordained as Elders and Messrs. John T. Martin, Verner Dryden and Frank Wright as Deacons of the First Presbyterian Church Sunday.

The contract has been let for a new \$10,000 Methodist Church at Georgetown. Mrs. Mary C. Rapp will place a memorial window in the new church, of which her husband, Rev. George E. Rapp, was pastor at the time of his death.

Mrs. Irma (Jones) Cochran filed suit in the Mason Circuit Court Monday against J. Everett Cochran for divorce on the ground of failure to support and conduct showing a settled aversion. Mr. Cochran was a resident of Ripley at the time of the marriage. Judge Hutchins is attorney for plaintiff.

WE DON'T KNOW WHY

We sell more Food Choppers at this time of the year than any other, but we do. Guess it's on account of the fruit and vegetable season. However, there is no time during the entire year that a Gem Chopper in the kitchen is not seasonable. Takes the place of the old-fashioned chopping bowl and knife—does better work, without noise—without tearing, squeezing, mashing or grinding. It saves time and adds to the pleasure of housekeeping.

WHAT IS CATARRH?

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

offensive breath	hoarseness of voice
dryness of the nose	discharge from the nose
pain across the eyes	stoppage of the nose at night
pain in back of the head	aching of the body
pain in front of the throat	drooping in the throat
tendency to take cold	mouth open while sleeping
burning pain in the throat	sleeping in the tickling back of the palate
hawking to clear the throat	the formation of crusts in the nose
pain in the chest	dryness of the throat in the morning
a cough	loss of strength
stitch in side	loss of strength
losing of flesh	spasms of coughing
variable appetite	cough short and hacking
low spirited at times	
raising of frothy mucus	cough worse nights and mornings
expectorating matter	yellow loss in vital force
difficulty in breathing	a feeling of tightness across the upper part of the chest
frequent sneezing	

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete. This is a strong statement but J. Jas. Wood & Son emphasize it by agreeing to refund your money if Hyomei does not cure.
